

BERNINA Sewing Club

The Bernina WA View

Dear Club Member,

The dawn has broken at our new State Head Office after the huge move here from Queen Street. Now we look forward to a bright future at our new home with some great events, special guests and facilities for all of you to enjoy.

This year BERNINA International marks 125 years "Celebrating Your Creativity" since Karl Friedrich Gegauf invented the worlds first hemstitch machine in 1883. Much has changed from those early days but yet behind it all BERNINA still has the same philosophy from the very beginning - quality, reliability & innovation. To mark this Golden Year we will be holding some special events to celebrate this occasion in true BERNINA fashion (no pun intended...).

As the the year progresses we will continue the fit out at Wangara. With our new service department up and running we can now focus on getting our classroom setup in the months ahead. Thanks to the layout of our new store we are able to offer sewing classes before we have finished the classroom, thanks to the great demand from the local sewing community. We have included a list of the classes we have to offer at present but this list will grow as the year rolls on. If you would like us to add any special classes or have any suggestions on things you would like to see please let us know and we will do our best to offer these for you.

We look forward to seeing you all during the year at our events and regular club days or maybe at one of our sewing classes. The whole BERNINA WA Sewing team would like to wish you all a creative 2018.

Brad, Tracey & The BERNINA WA Sewing Team

Cannington's Corner

I hope you have all been enjoying a creative 2018 so far. We will try to help you with some creative club days and classes that are coming up.

At Cannington we have begun our Machine Embroidery for beginners, which will continue each month. This class will be scheduled for the last Tuesday of the month and each one will be a different technique and project so if you are new to machine embroidery this is a great class to get you familiar with your machines capabilities.

We now have a great teacher Margo teaching beginners patchwork and hopefully this will be the first of many. Margo is a longarm quilter with many years of sewing and quilting experience so it is a great opportunity to learn from one of the best.

In May I will be hosting an excellent workshop with one of our very talented local textile artist Jocelyn Leith. Textile art is one of the big trends in sewing across the globe involving simple free motion machine embroidery. This will be a full day class, if you think you may be interested please let me know so I can get back to you with details once finalised.

If you have any requests for classes or wish to join our regular social sewing group please let me know and we would love to see you there.

Look forward to seeing you all soon, happy sewing.

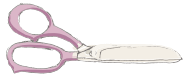

Josephine
berninacannington@bigpond.com

For full details on all classes offered including dates, times & cost please contact Cannington 9451 1055. Bookings are essential.

Thank You

Tracey & Brad would like to take a moment to say a massive thank you to our families and staff for all of their tireless help during this time. We count ourselves very lucky to have people like these in our lives and truly could not have done this without all of you. We would also like to extend a big thank you to each and every one of you for the understanding you have showed us during the move. It has been greatly appreciated.

Midland Snippets

Hello to all our Marvelous members,

As summer comes to a close and the cooler winter months are looming a bit more time inside sewing will soon be on the cards.

I had a short break visiting my brother in Geraldton. The weather was glorious and the beach walks interesting after a storm. Lots of seaweed lay on the beach, it was wonderful to inhale the perfume of the seaweed.

Our Midland main store has recently had some new shelving for fabric installed, making your choice of colour, texture and design a breeze. We have increased our range of delightful Gutermann fabrics with the big bonus that Gutermann fabric is 150cm wide making patching, backing and sewing a garment easy with the extra width.

Heather, Jackie & Janet are continually working on creating new and exciting sewing challenges. Heather is constantly creating new projects to keep her large group of patchers on their toes. Jackie has designed a new and exciting set of embroidery for the beginners class plus finishing a large quilt with the advanced group. Janet has created a new bag for beginners 2 with lots of pockets.

We are all looking forward to creating new projects and seeing all our supportive club members at our sessions and classes.

Janet, Heather and Jackie

For full details on all classes offered including dates, times & cost please contact Midland 9274 2366. Bookings are essential.

New In Store Now

Our first big release of this special year is the all new Bernina 5 Series. With four new models the B500 embroidery only, B535 sewing & embroidery, B570QE sewing embroidery & quilting and the B590 top of the series with all the features you could hope for. Featuring more space to the right of the needle and our exclusive Bernina hook with jumbo bobbin, the new 5 Series lets your creativity run free. The new Bernina 5 Series is now on display at all of our 4 stores.
