

The Queen St View

Dear Club Member,

"So long, farewell, auf wiedersehen, adieu" after more than 90 years the time has come to bid a very sad goodbye to our home at Queen Street.

As many of you know we have been looking for many months to find a new home for our company Burnells, Bernina, Kennedys and Horn. After the long search we are pleased to announce to all that we have secured a new place for us to call home for we hope another 90 years to come. Our new home will be at U1/9 Inspiration Drive Wangara (Cnr-Inspiration & Excellence Drive) in the Northern Suburbs. Over the coming months we will be setting up what will become the number one sewing location in Western Australia. Once all work is completed it will feature a fully equipped Service Center, a "state of the art" Training and Sewing room, the largest display of Horn sewing furniture in W.A. and the complete range of products available from Bernina for you to experience. Once completed our training & Sewing room will be hosting some fantastic events and classes plus will be available for sewing groups looking for the ultimate place to hold an event of their own. As we expand our product line we will also be offering quality Quilting fabrics, sewing and quilting tools, an extensive range of sewing and embroidery threads and all the hard to find sewing equipment you need. As you can all imagine this is no small task to complete and we will do our very best to continue to offer all our services during this time. The management team at Bernina W.A. thank you all for your understanding in the event of any delays and we look forward to welcoming you all to our grand opening soon. But we can not just give a wave and drive off into the sunset from Queen Street so we will be sending all of you a special invite to a farewell event to help us say goodbye one last time. Keep an eye out for the details of this special event and we hope you all can come to what will be a big day for Burnells and Bernina W.A.

Brad, Tracey & The Bernina W.A. Sewing Team

Cannington's Corner

Once again time is just flying by and we are almost half way through the year, so much sewing and so little time!

As was mentioned in the last newsletter we are lucky enough to have renowned textile artist Alison Holt from the UK come and do a 2 day workshop with us in November, I really only have a couple of vacancies left so if anyone is at all interested please contact me.

I am still doing the bag workshops but changing the days to the 2nd Wednesday of each month and in addition will be doing other random workshops on the 4th Wednesday of each month, so for June my bag workshop is on the 14th June and I will be doing a reversible apron (no strings attached) on the 28th June, those of you on my email list will get pictures and information emailed to you.

We are continuing with our intermediate sewing classes, these are held on Thursday mornings each week and every 2nd Saturday, these classes are quiet small so booking is essential.

On our Club day, Saturday the 19th August, I have booked Rob Ingram to come and do some scissor sharpening while club is in progress. If you are not coming to Cannington Club you can bring your scissors and any other sharp instruments you would like done prior to that date, you will need to leave the amount of cash along with your goods, as it gets paid directly to Rob, we had him here 2 years ago and it seems everyone was happy with his work.

Look forward to seeing you all soon, happy sewing

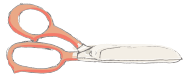

Josephine

berninacannington@bigpond.com

For full details on all classes offered including dates, times & cost please contact Cannington 9451 1055. Bookings are essential.

We are pleased to announce the opening of a new store for our inner suburb customers in Osborne Park. Featuring a great range of Gutermann threads, haberdashery, Horn sewing furniture, on-site servicing of machines and the amazing range of products from Bernina. Call in and visit John at the new Bernina Osborne Park located at 83B Main Street or call on Ph: 9242 3696 and he will be more than happy to assist.

Midland Snippets

Hello to all our Marvelous members,

For the last 3 months club meetings have included a Thursday and Friday at Midland. The Thursday is a quieter group with a great curiosity for learning all about sewing both new and old techniques. Friday is still the preferred day with a gaggle of enthusiasm for sewing.

Jo and I are both enjoying the challenge of club and really love seeing all our members so diligent at their hobby of sewing.

The classroom has now been completed with a new set of tables suitable for small and large machines. The lighting in this room seems to be perfect. All students are enjoying the space and new surroundings.

Beginners 3 has commenced this year with components including stretch and stable fabric dressmaking. Four graduates were very proud of their achievements and had great fun learning how to read and alter a commercial pattern to their size.

The Midland Store now have a stock of floral prints suitable for both quilts or little girls dresses. Don't miss out, pay us a visit. The shop also sports some bright new signs on the western side of the store and new overhead signs so you won't miss seeing the store when you come.

Jackie Archer has been teaching both Beginners and Advanced embroidery. With her expert skills we are learning a mountain of new techniques and I feel we are very lucky to have Jackie on board. In July we hope to be starting a software class with Jackie. If you would like to join any of these classes please ring us on 9274 1056.

Sharron from Westalee rulers has taught a beginners class. All students have thoroughly enjoyed the first class and will soon finish the beginners course with a second class.

We look forward to seeing you in store.

Janet

Hello to all Bernina Club Members, especially at Midland.

It is so nice to welcome the cooler weather, not only for better nights of sleep under a quilt but starting to think about our winter sewing. Nothing better than sewing up a storm in a warm cosy home.

The exciting project that I am undertaking this term is a doll making class that has received a fair bit of interest. This class will be held on the 1st and 14th June. We will be making a simple doll in the first session and something more involved in the second. The first doll is one designed by an Australian lady, Toni Alexander. I have asked for her permission to teach her doll and not only has she generously granted this but she has also sent me quite a few free patterns to give away to my class and some discount cards for her Etsy shop.

Happy sewing to you all

Heather
